LUMBERJACK FEUD

DINNER & SHOW

The Families

The Story

Two Smoky Mountain logging families find themselves embattled in a bitter feud as the timber industry is shut down by the announcement of the National Park. There's only enough land remaining for one family so they compete at the Pigeon Forge Lumberjack Competition. The hysterical Danny Black and our Camp Rangers try to keep the peace among the feuding families in this production that men, women and children of all ages will love.
