FAMILY EXPERIENCE

NEW! Permanent Titanic Museum Attraction
We receive letters. Will your child appreciate the visit? *"I wanted to thank you for an amazing experience. My husband and I brought our sons, ages 9 & 6, to Titanic, unsure if they would understand or enjoy it. We were astounded by the perfect blend of museum-style historical fact and modern, interactive child-friendly exhibits."*
— guests from Texas

NEW! Ripley's Aquarium of the Smokies Penguin Playhouse *"America's #1 Aquarium celebrates its 10th Anniversary with a new multi-million dollar, African Black Footed Penguin Exhibit that puts visitors eye-to-eye with the playful, tuxedo clad birds. Clear underwater tunnels give both humans and curious penguins a close-up look."*
